It is believed my many who have been attending the colored meeting, near town, that the preacher who appears as a woman, is a man. She dresses as a female, but her voice and actions indicate that she is a member of the sterner sex. If he or she can point the way clearly it matters not about the clothes.

The fourth quarterly meeting of the Columbia circuit will be held at Pollard's Chapel, near Milltown, June 30, and July 1st. It has been 7 years since a quarterly meeting was held at Pollard's Chapel and a good crowd is expected. Dinner will be served on the ground.

Fancy horses seem to be in demand. Several buyers have been in Columbia recently looking for this class of stock. In the last few months this city has sold a number of pretty animals at handsome prices. Coffey Bros. know how to handle stock and are ready to buy when any thing "nobby" comes in sight.

Hon. M. Rey Yarberry was before Judge J. W. Butler last Saturday afternoon, charged with maliciously cutting Hon. Geo. Nell. Mr. Nell failed to appear as a witness, and proof of other gentlemen not being sufficient to hold Mr. Yarberry, the case was dismissed on motion of the Commonwealth.

In mentioning those who visited the Mammoth Cave last week the names of Miss Sarah Hardin, and Dr. Chas. Murrell were omitted for the reason we had not been informed they were members of the party. They all returned the latter part of the week, reporting a most delightful visit, well worth the time and money expended.

Our Greensburg correspondent writes us as follows: Circuit court is in session; Judge Jas. Garnett was in attendance last week. But few cases stand for trial at this term. Jo Graham, charged with robbery, was given four years in the penitentiary. Leslie Buchanan will be tried for seduction. Sam Mitchell, Jailor of Adair, was here one day the first week of court.

The census enumerators for this county have about completed their work. It is said that the population of Columbia will reach eight hundred. The corporate limits of the town only extend one-half mile from the courthouse, and the many families who are town's people to all intents and purposes, would swell the population to something over one thousand. The limits should be extended.

We publish on our first page an account of the wreck at Calvary. Mr. W. C. Cabbell who was dangerously hurt, has since died. Others who were wounded are improving. All the train went down into the water but the passenger coach, and it is a miracle that forty or more persons were not killed. The loss to the L. & N. is immense, and the going out of the three human lives is very much deplored.

The Columbia Male and Female High School will open September 3, 1900. Prof. A. H. Ballard, who will have charge of the institution, is a teacher of long experience, and in the many years of his work throughout this section universal satisfaction has been given. He will be assisted by competent instructors, and every thing points to a good school year. Circulars have been printed; read and start in at the beginning of the term.

On account of the terrible accident which happened at Calvary last Tuesday afternoon the people of Columbia were put to an inconvenience that they had not before experienced for more than thirty years. No mail from Louisville and the East was received for three days. The Republican National Convention met, selected its candidates and adjourned before the people here had an opportunity of reading the proceedings.

Mr. A. T. Moore, an old and respected citizen of Green county, died at his late residence, near Gresham, last Saturday night. He was the oldest member of the Ebenezer church, having served as an Elder many years. He was also a member of the Masonic Fraternity and was buried by the order. The religious services were conducted by Rev. T. F. Walton, pastor of the Presbyterian church, this city, Sunday afternoon. A very large crowd attended the funeral.

The President of the Russell Springs Fair Association authorizes us to state that their exhibition will begin the last week in August unless something unforeseen occurs that will necessitate the changing of the date. An effort will be made to secure the best show of stock ever exhibited in Russell county, and the many other attractions will draw large crowds daily. The Liberty Band will furnish the music.

Miss Marie Gault, a young lady who is very pleasantly remembered in Columbia, is fast gaining a reputation in the art of high-class music. She is a pupil in the Conservatory of Music, Detroit, Michigan. She appeared before a large audience last Monday, her assignments being separate from the general program. Musicians here, who were honored with invitations, pronounce the selections rare and difficult, but there is not a doubt but Miss Gault rendered them to perfection.

Preaching at the following places next Sunday:—Solomon Turpin, White Oak; E. W. Barnett, Milltown; J. L. Kilgore, this city; W. D. Dudgeon, Jerico; Lawrence Williams, this city; T. L. Hulise, Picket's Chapel; W. H. C. Sandidge, Union; T. F. Walton, Ebenezer; J. T. Hall, Palestine; G. W. Dunford, Cane Valley; Tobias Huffaker, Shiloh; W. B. Cave, Liberty, Taylor county.

The four oldest persons in this community are Mr. Oscar Pile, 80; Mrs. Polly Burton, 82; Mrs. Susan Russell, 86; Mrs. Mary Burton, 87. Mr. Pile and Mrs. Burton are in comparatively good health. Mrs. Russell and Mrs. Page have been feeble for some weeks, but are able to be about. All four of these respected old persons are in full possession of their mental faculties. The combined ages of the four make 335 years. We trust that they may live to spend many more happy days.

Paid list since last week: G. T. Sherrill, Dr. B. T. Wood, B. T. Neat, J. W. Denny, T. A. Blankenship, Miss Esther Coe, W. T. Selby, W. M. Grier, W. A. Eastham, J. H. Barger, G. H. H. Blankenship, F. L. Selby, Dr. A. M. Jackson, W. N. Stokes, J. W. Jackson, W. C. Shepherd, J. H. Phelps, J. M. Stephens, W. P. Ford, W. R. Keane, A. H. Baugh, W. C. Grider, A. C. Snow, Berry McKinley, W. J. Simmons, E. E. Holt, A. R. Foley, Geo. Warren, H. Blankenship, J. E. Willis, A. G. Todd, E. H. Conover.

Miss Frances Hadley, who was found dead in her room, at the residence of Mrs. Ellen Wheat, was buried the following day after a funeral discourse by Rev. Collins. The deceased had been the housekeeper for Mrs. Wheat for some years, and was a lady much respected. She had been complaining for several days, but her death was very unexpected. A member of the family left the room for a pitcher of fresh water, and upon returning the lady was dead. She was about 50 years old and was afflicted with heart disease. She leaves two brothers and a small estate.

Mr. Chas. Bryant, of Purdy, one of the best farmers on Sulphur, was in town last Saturday. He brought to this office a bunch of his Bryan oats that measures over five feet in height. The Bryan oat is the true and genuine 16 to 1 oat, and this bunch had 16 large stalks well developed, from one seed. Mr. Bryant has 40 acres of this kind of oats as fine as can be found in any county. We doubt whether there is a man in all the country who would pride more in the name of this oat than does Mr. Bryant, for he is a full-fledged believer in the 16 to 1 doctrine as set forth in the last Democratic platform in Chicago. The Bryan oat is all right and the 16 to 1 will yet prevail.

Mr. Jo Akin, who lives at Sparksville, this county, has, unnecessarily, gotten himself into trouble. He concluded that Charley Kingrey, who lives in the same neighborhood was trying to do him an injury by having his (Akin's) daughter appear as a witness in court against certain other parties. Kingrey denied the charge, and as we have heard, gave the matter no further concern. Last Wednesday Mr. Akin was in his cups, so it is said. Picking up his gun he went to a field where he expected to meet Kingrey. Not finding him he returned to a barn owned by Kingrey, and seeing him in the lot fired the contents of his gun in the groins of his supposed enemy. Mr. Kingrey is seriously hurt, and Mr. Akin languishes in jail.

A gentleman who has just gone over a goodly portion of Adair county reports that there was never a better prospect for corn. In bottoms it will soon be tasselling, and upon this ground there will be a fine production. Oats will soon be ready to cut, and like the recently harvested wheat crop, are splendid. There will be more potatoes than for years, and if the worms do not get in their work there will be a sufficiency of cabbage. The apple and peach crop will be immense and enough backberries to "jam" and pie five counties. A great many cherries have been preserved and there are many trees yet to ripen. We are certainly in a land of plenty and we should all thank the Great I Am for his bountiful blessing. Neither the Democratic nor Republican party had any thing to do with furnishing these supplies.

A pike from the mouth of Greasy Creek to Columbia is again being agitated in Russell county. Mr. James S. Dunbar, a prominent wholesale boot and shoe man of Nashville, and a native of Russell county, visited his old home two weeks ago. He is very much interested in the project, and is anxious that definite steps be taken in the matter. Mr. Dunbar states that he will obligate himself to give \$1,000 toward the enterprise, believing that such a pike would be of incalculable good to both Russell and Adair counties. This matter has been brought before the public a number of times, but nothing tangible has ever been accomplished. We believe Adair county will do her part, and we suggest that a meeting of representatives citizens of both counties be held at Montpelier, talk up the enterprise, subscribe their money, and get to business.

There is not a county in the State that sticks more closely to local option than Russell. Whisky cannot be secured under any pretext, and we were informed upon our last visit that there were no retailers in the county. The first day of Circuit Court brought a fair sprinkling of people to town and we mixed with the crowd the whole day. We did not notice a person the least intoxicated, neither did we smell intoxicants upon the breath of any man. Is not this a record for which the county should feel proud? The sobriety of Jamestown and the county generally is due not only to the officers who carry out the laws, but to a band of Christian women who are constantly working and praying for the utter elimination of whisky from the entire borders of the county. We are told that nearly all young ladies in reach of Jamestown were members of the W. C. T. U. and through their influence many young men who in days past "carried at the wine cup," no longer indulge, but are sober, upright citizens. These reformations were brought about we were told, by kind and sympathetic words, the only way under the sun to reform a man. Let a friend go to another and abuse him for becoming intoxicated, and the one who is in his cups will immediately start for another drink if he knew the taking of it would tear down the walls of Jericho, as it were. Kindness will bring about a reformation; abuse never.

Mr. Welby Allen, an excellent gentleman, who has been in the mercantile business at Eunice Adair county, for some years, met with a serious misfortune last Wednesday night, his storehouse and a large stock of goods being consumed by fire. His loss is estimated at \$4,000; no insurance. Mr. Allen's residence is but a short distance from where the store building stood, and he had been in bed some time when the alarm was sounded. When he reached the store the roof was ready to fall in, and there was no possible chance to save the goods. Mr. Allen thinks the building was set on fire, but he has not given out the name or names of the parties he suspects. We take it that Mr. Allen will rebuild and continue business at the same stand. In this misfortune the sympathy of all good citizens goes out to him.

Rev. J. H. Dew's lecture, "Make the Heel Shine or from Heel to Toe," drew a large audience to the Baptist church last Tuesday night. The subject is unique, and many were curious to know what the speaker would make out of it. It proved an excellent theme, and some of as fine ideas as we ever heard were given the anxious listeners. Mr. Dew is a forcible speaker, and his lecture was evidently written with a view of aiding those who desire to become better men and women. It abounded in wholesome advice, and we trust his admonitions will be heeded.

They Are Very Pleasant.

The quarterly meeting at this place last Saturday and Sunday was largely attended. We had representatives from Columbia, Edmonton, Breeding and several other places of importance. We had plenty of good preaching and singing and an abundance of good things to eat.

We are glad to note that E. R. Caldwell, who has been confined to his room with lagrippe, is improving.

Pedigo & Pace, two well-known traders of Glasgow, were with us one day last week looking after fine horses.

Our town was brightened one morning last week by the appearance of our old friend and neighbor, "Uncle" Geo.

FROM TEXAS.

BONHAM, TEX., June 19, 1900.

Editor Adair County News: At your request I take pleasure in availing myself of an opportunity to write a few short news notes from Texas for the benefit of my friends and relatives in Adair and adjoining counties.

"Tis an ill wind that blows any one no good" is an old adage which has been realized by the people of Fannin county.

At the beginning of the South African war, Ed D. Steger & Co., secured a contract to buy several thousand head of horses and mules for the British Government, which afforded a ready market for all of the surplus horses and mules to be found at a very fair price. Soon after Bonham was made a remount station, the only one, of the British Government in the United States; hence, there have been on an average about 4,000 horses and mules fed here since the opening of the war, which fact, alone advanced the market price of all feeds over 100 per cent, which was a net gain to the farmers of Fannin and adjacent counties.

Crops were never more promising than at present, in fact, the wheat and oat crop is already harvested and a few more showers insures an enormous corn crop. It seems, at present, the farmers may say in the language of Christ to the apostles "The harvest truly is plenteous, but the laborers are few."

Perhaps in my next letter I will be able to write more in regard to Texas, as I leave here on the 23rd, for a tour through the State via, Sherman to Galveston, thence to San Antonio and El Paso, and returning through the noted staked plains, traversing in all over 2,500 miles in Texas.

Very respectfully,
W. F. KEETON.
